Dear Desiree:

In response to your filed FCC Form 470, Edline is excited to offer our exceptional Web Hosting services for your consideration. Currently used by thousands of schools in all 50 states and numerous countries, Edline is a robust, K12-specific web hosting solution with a proven track record of success, scalability and security.

Comprehensive school websites have the power to improve parental communication and involvement-directly impacting student performance. Schools and districts that want the most effective websites choose Edline because ***Edline makes it quick and easy for educators to publish information that keeps students, families and schools communicating effectively and well-informed, including:***

- Standard district and school information-news, announcements, menus, events calendar, athletic scores
- Classroom content-test dates, homework assignments, calendars, resources, photos, student web lockers
- Private or public documents and calendars from group meetings-departments, teams, clubs

Edline is a completely scalable solution that can host your entire school/district website, or simply supplement your current site using Edline classroom and group pages. In your search for a web hosting provider, we are confident that you will find Edline web hosting to be the best and most cost-efficient service available. Edline's core web hosting service is 95% eligible for E-Rate funding before the non-discounted portion is calculated. However, not all web hosting services, products and features are eligible for E-Rate funding, including some features offered by Edline. For a complete description of eligible and ineligible web hosting services, please refer to the FY2012 Eligible Services List found at www.usac.org/sl. Ineligible services need only be paid for separately.

To really understand why Edline is the industry leader in K-12 web and communication solutions, we encourage you to attend a live demonstration where you can watch from your desktop and talk to an Edline representative at the same time. Just call 800-491-0010 to sign up.

An overview of Edline's Web Hosting service, a company brochure and a contract are enclosed.

Thank you for your consideration and should you have any questions please feel free to contact me directly.

Sincerely,

E-Rate Client Support

E-Rate Web Hosting Agreement

Web Hosting Services

In consideration for the fees, terms and conditions set forth below, Edline (SPIN 143027282, FCCRN 0011861283) shall provide website hosting services to ST. DAVID CATHOLIC SCHOOL (the "Customer") pursuant to this E-Rate Web Hosting Agreement and the Privacy Policy and Terms of Use posted at www.edline.net as well as the Terms and Conditions posted at www.edline.com/services/overview/tc, which are incorporated herein by reference (collectively, the "Contract"). Customer acknowledges that Customer is responsible for creating and providing all website content.

Term of Service

The initial term of service shall be 10 months starting September 01, 2012 with two voluntary one year extensions (each one year period shall be consider a "Term"). The parties agree that unless either party provides written (letter, facsimile, email) notice of its intent not to extend the Contract for an additional year within 30 days of the end of the then applicable Term to the authorized representative signatory below, the Contract will be extended for an additional Term, provided that this Contract may not be extended beyond three years from the Service Start Date. For purposes of this Contract, and Customer's Form 471 to be submitted to USAC, the Service Start Date will be July 1, 2012, the Service End Date will be June 30, 2013, and the Contract Expiration Date will be June 30, 2015.

Cost of Service

The Edline Web Hosting Service is 95% eligible for E-Rate funding, before calculation of the non-discounted portion. For the Assumed Enrollment (defined below), the cost of the eligible services for funding year 2012 that were requested by Customer [on its Form 470 or its RFP] is **\$1,710.00**. The recurring annual cost of eligible services is \$2,052.00.

Service Limitations

Pricing for Customer is based on approximately 493 students in 1 school(s) listed on Exhibit A (the "Assumed Enrollment"). Prior to any voluntary extension Term, pricing may be adjusted on a pro-rata basis to the extent Customer's actual enrollment at the time of the extension varies from the Assumed Enrollment. Customer may only add service to an additional school under this Contract if Customer pays Edline separately, outside of E-Rate, for service to the school. Alternatively, if Customer indicated the possibility of an additional school in its Form 470, then service to that school and a commensurate increase in pricing can be included during a voluntary extension Term. If the additional school was not included in the Form 470, then Customer must file a new Form 470 for that school in order to allow for service to the new school under the E-Rate program.

SLD Approval

The parties agree that if Customer's Description of Services Requested and Certification Form (Form 470) was posted by the initial 2012-2013 Form 470 filing deadline, Customer will pay the ineligible and non-discounted portions of this Contract should the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) deny funding for the web hosting solutions provided pursuant to this Contract. Should funding be denied, Customer agrees to exhaust all of its administrative remedies through the appeals process, otherwise Customer shall be responsible for the entire Cost of Service.

The parties agree that if Customer's Description of Services Requested and Certification Form (Form 470) was not posted by the initial 2012-2013 Form 470 filing deadline, that Customer will pay the entire Cost of Service should the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) deny funding for the web hosting solutions provided pursuant to this Contract.

Terms and Conditions

Edline agrees to provide Customer with web hosting services pursuant to the terms and conditions contained in this Contract.

Service shall begin on the Service Start Date.

Customer waives its rights to pursue indirect or consequential damages in any claim arising out of the provision of services or other solutions by Edline to Customer. The parties agree that under no circumstances shall any liability for direct or indirect damages exceed the dollar amount paid by one party to the other.

E-Rate Web Hosting Agreement

Terms and Conditions (continued)

Customer agrees that all Edline solutions are purchased "as is" and that Edline makes no express or implied warranties regarding the purchased solutions, including implied warranties of merchantability or fitness for a particular purpose.

Customer agrees, represents and warrants that it has complied with, and will comply with, all laws, all applicable state and local procurement requirements, and all FCC rules and regulations pertaining to the E-Rate program. Customer represents and warrants that Customer has completed a fair and open competitive bidding process and waited at least 28 days after posting its Form 470 on USAC's website before selecting Edline and executing this Contract. Customer agrees to sign this Contract before submitting its Form 471 to USAC for Web Hosting services.

Customer agrees that unilateral termination by Customer prior to the end of any Term will result in breach for the current Term of this Contract. Damages for a change or cancellation of this Contract by Customer shall be equal to the total annual cost of service as set forth in this Contract, which will be due and payable within 30 (thirty) days of said breach.

This Contract supersedes any other representations, proposals, offers, responses and contracts that may exist between the parties, whether verbal or written, and may only be altered by subsequent written instrument executed by both parties, explicitly referencing this provision.
